ON IMMIGRATION GOMPERS TALKS

Disagrees With Decision as to Wittekind Immigrants.

WAGES OF LABORERS TOO LOW

President of American Federation of Labor Declares Solicitor Earle's Decision Will Stand Until the Courts Reverse It.

Washington, Dec. 24.—President Samuel Gompers, of the American Federation, disagrees entirely with the deductions, and is very frank in his opposition to the report of Solicitor Earle, of the department of commerce and labor, on the subject of the violation of the alien contract labor law by the importation of immigrants into South Carolina. The department held that the people of South Carolina in bringing over the Wittekind immigrants had not violated the law.

When seen and asked whether he or the American Federation of Labor would make a test of the decision in the courts, Mr. Gompers would say nothing.

"The legal advisers of the department of commerce and labor have construed the law, and their construction will have to stand until the courts reverse it," he said. Continuing, Mr. Gombers declared:

"It has been held by the courts and by the department that any promise of employment or promise to an alien that he can secure employment in America, is a contract. It seems to me a very convenient construction of the law to say that a state official can do what a private citizen is inhibited from doing."

The charge contained in some southern newspapers that Mr. Gompers had raised the question of illegality in connection with these proceedings was denied by him. He said some of the boys must have called the department's attention to the matter, and asked that it be investigated.

Mr. Gompers was very emphatic in his statement that he had no wish to obstruct immigration to the south, for, he declared, that he would like to see many of the immigrants that crowd into the large cities of the north, diverted to the south, as he was convinced that immigration, properly conducted, would vastly benefit the south. "I would be happy to see the south continue to prosper," he affirmed.

The only thing that could suggest to secure the southern immigrants was the employment of men at Ellis island to work on the newcomers upon their disembarking from the immigrant ships.

He thought the chief difficulty about inducing immigration to the south was the low wages paid in the southern states. He was very emphatic on this ground, declaring:

"I know labor is short in the south, and I, personally, would like to see it otherwise. The south is a beautiful country, a splendid section to live in and the prospects there for a man on comfortable living wages are bright. How can you expect to get common laborers at 70 and 80 cents a day, however, when the same class of labor can earn $1.50 per day in the north? Skilled laborers in the south draw higher wages, of course. The union is responsible for that, because it adheres to a strict wage scale. The unskilled laborer, though, fares rather badly, and this class of immigrants will be hard to secure for the south. In New York city street sweepers and hod carriers earn $2 a day. This being true, it is perfectly clear that the inducements now offered by the south are not alluring. If sufficient wages are offered, the story would be an entirely different one."

In personal appearance, Samuel Gompers is a short, thick-set man, with a smooth, round face, much of which is covered by big spectacles. A pair of big gray eyes peep over them at the interviewer. Piled all over the desk in front of him and all around him are papers, conspicuous among them being the proof sheets of the forthcoming edition of the Federation of Labor Magazine. He is a hard man to see, for he is always busy, and room after room must be traversed before he is found away back in an inner sanctum of the American Federation of Labor offices. When he talks, he talks seriously, but he smiles now and then as he scores a point. In manner, he appears to be kindly and gentle. On the subjects of labor's rights and interests, he is very positive.

Recommend's Sale of Coal Lands.

Ardmore, I. T., Dec. 24.—Governor Johnson in his message to the Choctaw Legislature which is in special session to wind up tribal affairs has recommended the sale of the Choctaw-Chickasaw coal lands at the earliest possible time, probably to the new state of Oklahoma at a price agreed by the government and the Choctaw-Chickasaw Indians. He objected to the sale of the surface lands for the furtherance of which plans McAlester and other towns have a lobby at Washington. Governor Johnston's objection to this plan is that it would jeopardize the sale of the mines. He recommended the abolishment of the Chickasaw national schools, that the restrictions upon the surplus lands of adult Indians be removed and that a plan be made for sending a delegate to Washington to safeguard the interests of the Chickasaws.

Respected Woman's Wishes.

New York, Dec. 24.—Before Mrs. Lula B. Grover committed suicide on December 8, she expressed in writing the wish that the president should receive her personal property. She added the hope that Mr. Roosevelt would order the disposal of her body and take care of her pets—two Angora cats. Friday it was learned that the president had respected the woman's wishes. Acting under the president's orders, United States District Attorney H. L. Stimpson, in conjunction with the public administrator, personally supervised the cremation of the body and forwarded the two pet cats to the white house.

MACON POLICEMAN COMMITS SUICIDE

Sends Bullet Through Head at Home of His Brother.

DEBTS CAUSED THE RASH ACT

Wilson Was Bicycle Officer—Met at Gate by Niece, Who Extended Her Hand—As She Did So, Wilson Sent a Bullet Into His Head.

Macon, Ga., Dec. 24—Bicycle Officer J. Tom Wilson, of the Macon police force, committed suicide in front of his brother's residence, in East Macon, Friday, by sending a bullet crashing through his brain with the revolver which he was accustomed to carry while on duty. No one witnessed the deed but Miss Ruth Wilson, a niece, who had just returned from school at Milledgeville for the holidays. She had just come down the steps, and was on the walk when she saw her uncle approaching. Without a word, he drew his revolver, placed it to his head and fired. The young lady turned to run, but on hearing the report, glanced backward to see her uncle fall face forward to the ground.

As soon as the brother, J. R. Wilson, who is a dairyman, could be notified, he came from police court, where he had gone to get a boy released for one of his wagon drivers, and Coroner T. E. Young was notified. The remains were removed to Hart's undertaking establishment, and the inquest held. The verdict was that the officer came to his death by his own hand.

Call Officer Wilson was [illegible] years of age, and was one of the most popular men on the force. He had a friendly disposition, and a jovial demeanor, which won many friends. He was on duty all Thursday, and was to have reported at 8 o'clock Friday morning. Soon after he failed to answer his name at lieutenant's roll call, the entire force was astonished at the announcement of his shocking deed.

Financial embarrassmets are said to have caused the rash act. Several days ago he was heard to say that he intended to commit suicide, but it was not taken as a serious assertion. He left a note by his side, which was written on his summon sheet, which contained the words:

"Do not touch me; notify the coroner."

Mr. Wilson is survived by a wife and several brothers and sisters. He joined the police department of Macon several years ago, and had been on the fire department for a similar period of time before changing to his last position.

Favorable Decision to Church.

San Juan, P. R., Dec. 24.—The supreme court of Porto Rico has rendered a decision favorable to the Catholic church in the case of the church versus the people as to the ownership of certain property. The court finds that properties valued at half a million dollars belong to the church and accrued rents and incomes since 1898 whe the United States took the island from Spain announcing to $100,000 are declared to be due the plaintiff. Of the five members of the supreme court three favored the decision for the church. The American judges decided in favor of the government. The case will be appealed to the supreme court of the United States.

FIGHT TO DEATH IN BINDERY.

Half a Hundred Women Looked On While Enraged Men Fought.

New York, Dec. 24.—In the presence of half a hundred women on the verge of frenzy frfom terror, Abraham Loss and Louis Segel fought to the death in a book bindery in a Center street loft. Loss, who was foreman of the bindery, received a keep knife wound in his neck, just as half a dozen policemen, who had been attracted by the cries of the women, rushed into the room.

His jugular vein was severed, and he died in a few minutes. Segel was arrested.

Henry Lapidus, a 15-year-old boy, who was employed as sweeper in the bindery, caused the row which resulted in the tragedy.

Segel complained to the boy that he was raising too much dust, and when the boy continued to wield the broom as vigorously as before, Segel struck him.

Loss took the boy's part, and in a moment the men were fighting desperately. Just before the police entered upon the scene it is alleged that Segel caught up a knife which was used in trimming the edges of books, and plunged it into his opponent's neck. Many of the women were taken to the station house to appear as witnesses against Segel.

Will Teach "Hugless Dancing."

Chicago, Dec. 24.—"Hugless" dancing and "waterless" swimming are to be taught in the Chicago public schools. The 270,000 pupils will balance forward and back, trip through the rythmical steps of the stately mazurka, glide gracefully in waltz and two-step, through the polka or dash over the floor in an old-fashioned gallop. But they will trip, glide, and dash alone. No youthful arm will be allowed to belt the girlish waist, and they won't even know that they are dancing, because in the curriculum the "hugless" dancing is catalogued as "fancy steps." As for the waterless swimming, the pupils will be allowed to hang themselves on rings and go through the motions in the air.

Offers Assistace to French Catholics.

New Orleans, Dec. 24.—An offer of pecuniary assistance to the French clergy from the Catholic clergy of Louisiana was mailed here to Cardinal Richard, archbishop of Paris. The offer was made in a letter written by Archbishop Blenk, of New Orleans, to accompany a memorial to Cardinal Richard signed by every Catholic priest in Louisiana. Archbishop Blenk said: "So as to give to these expressions of sympathy a practical and substantial character, let me add that the clergy of Louisiana is ready at the least notice from your eminence to help pecuniary, within its means, in the maintenance of the French clergy." The memorial denounced the acts of the French government.

Philadelphia, Dec. 24.—General Manager Atterbury, of the Pennsylvania, to whom the labor disputes affecting the company must be submitted for final decision, said Saturday he had not received an ultimatum from the yard men employed by the company in Jersey City, who threaten to go on strike if their demands are not granted. THE COLD WEATHER CAUSED BIG DAMAGE

Lettuce and Other Vegetables Sustained Severe Setback.

STAPLE CROPS ARE SAFE

But the Truckers Suffered Considerably—Thermometer Registered 22 in Gainesville—Said to Have Been Colder Elsewhere in County.

The cold snap of the past two days came suddenly, and the rapid fall of temperature resulted in a great deal of damage to growing crops in this section, entailing an aggregate loss of several thousand dollars, judging from various reports of truckers and farmers.

While the staple crops suffered no great damage, the lettuce and other truck fell before the crispness of a low temperature. The exposed lettuce, which is just now in a state of maturity and being gathered for shipment, is heavily damaged, but the covered lettuce suffered little or no damage, being well protected.

The government thermometer here reported a register of twenty-two degrees, but farmers and truckers from various sections of the county report a lower temperature. It is said the thermometer went down to twenty degrees in the Micanopy section, but this report is not authentic. At Rocky Point it was not so cold, the thermometer having fell to twenty-four.

In all, the farmers, especially the truckers, have suffered considerable damage, owing to the sudden change, and the lettuce crop especially will be cut short.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. A DANGEROUS PRACTICE.

Consumers of Water Should Not Permit Their Hydrants to Run.

Superintendent B. F. Miller of the waterworks plant requests The Sun to caution consumers against leaving their hydrants open, as this practice is dangerous in case of fire, which is likely to occur at any moment in cold weather.

Superintendent Miller states that, with the dydrants running, in case of a fire, it would be very difficult matter to secure a pressure, with so many faucets in action. Patrons will please remember this, and in case of fire are requested to close their faucets if same are open.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold, contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

After Chicken Thieves.

At an early hour Monday morning T. J. McEvoy, the plumber, was attracted by a noise in his fowl house, and arming himself with a trusty pistol, went in search of the invaders.

He was not disappointed in the noise, as just as he emerged from his rear piazza he noticed the fleeing form of a man. He emptied the contents of his revolver, and believes that at least two of the shots took effect, but the man did not stop and disappeared through a lot in the rear of the house. He says the thief was a member of the band of Gypsies prowling around this section.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

NINE GAMBLERS IN THE TOILS

Marshal Pinkoson Made a Big Haul of Alleged Crap Shooters.

CLEVER PIECE OF WORK

The Men Were Surprised by the Approach of City's Leading Officer, but Submitted to Arrest and Gave Bond for Their Appearance Today.

Marshal Chas. Pinkoson made another big haul Monday night, when he arrested nine negroes who were engaged in a game of "skin" in the vicinity of the Seaboard Air Line.

This game has been reported as being in progress for several days, but Officer Pinkoson or other officials of the city were unable to secure sufficient evidence to arrest them. The marshal, however, watched his opportunity, and Monday night, when the game was at its height, made a raid on the place, arresting every man.

Nine seems to be a lucky number with Marshal Pinkoson, since the arrest last night was the third time he had made a haul of a party of that number.

The men were released on bail of $10 each, and will be araigned in mayor's court this morning.

OFFICER KILLED; NEGRO ALSO DEAD

This Was the Finale of a Drama at High Springs Sunday.

OSTEEN AFTER WINNSBURG

He Had Been Reported for a Minor Offense, and When Being Arrested Made a Resistance, With Serious Results to Both Officer and Himself.

There was a serious tragedy at High Springs Sunday night, which resulted in the death of one man and the serious injury of another, followed by a lynching of another on Monday.

It appears that Deputy Sheriff Dennis Osteen, in an attempt to arrest A. Winnsburg, colored, who was charged with some petty offense, was shot, and from the result of his wound he died in a few moments. Winnsburg was shot and injured in a manner that he could not proceed very far—and he is dead.

It is the general statement that Officer Osteen, to whom complaint had been made against Winnsburg, went to arrest the man, when he opened fire upon him. His shots were effective, three taking effect. Officer Osteen returned the fire and the negro retreated, going into the woods. He was soon overtaken, however.

Another Tragedy.

Another tragedy occurred at High Springs Monday, which resulted in the death of Lamar McNealy, an employe of the Atlantic Coast Line. It appears that Mr. McNealy, who was on an engine, in attempting to alight fell under the locomotive, and was crushed. This accident was greatly deplored, as Mr. McNealy had a large number of friends in High Springs and all along the West Coast division of the Atlantic Coast Line, where he was well known.

Mr. McNealy is survived by one brother, who is in the employ of the Atlantic Coast Line, and to whom the sympathy of the community is extended.

CHRISTMAS TREE FIRE.

Mrs. Futch Suffered Burns at Home of Mrs. C. N. Atkinson.

As the result of a Christmas tree fire at the home of Mr. and Mrs. C. N. Atkinson Monday night, Mrs. J. E. Futch had her arms and a portion of her hair burned, from which she will suffer considerable pain for the next few days.

Mrs. Atkinson was giving a Christmas tree complimentary to Miss Eva Futch and her little son, Master Jack Atkinson. In some manner the tree became ignited, when a majority of the presents were destroyed, and Mrs. Futch, who was assisting about the tree, sustained the burns.

Friends of Mrs. Futch trust that she will soon recover from the injuries.

REVENGE ON MRS. BRADLEY.

Filing of Late Senator's Will at Salt Lake City.

Salt Lake City, Utah, Dec. 24.—Had former United States Senator Arthur Brown foreseen his death at the hands of Mrs. Bradley, who shot him in Washington, he probably could not have devised a more ingenious retaliation than the revenge contained in his will. The document which was written four months before Mr. Brown was shot down at the Raleigh hotel in Washington, was filed Friday for probate. "I do not devise, or give or bequeath anything to any of the children of Mrs. Annie Bradley," is the language of the will. "I do not think that either of the children born of Mrs. Annie Bradley is or are mine, but whether such child or children is or are not, I expressly provide that neither or any of them shall receive anything of my estate."

"I have never married Annie Bradley and never intend to. If she should pretend that any such relation ever existed between us to justify such inference I direct my executor to contest any claims of any kind she may present and direct that she receive nothing from my estate."

The testator bequeaths all of his property, valued at about $75,000, to his two children by his first and second wives, Alice Brown and Max Brown.

The children of Mrs. Bradley so specifically disinherited are Arthur, aged 7, and Mark, aged 3.

This spring I took a few vials of the Cuticura Resolvent Pills as a precautionary measure, and will continue to do so every spring simply as a spring tonic, as they are so easy to carry with you, and they certainly fix your blood for the ensuing year. I now use only Cuticura Soap.

"The Cuticura Ointment and Pills certainly cured me of an aggravated case of eczema, and if it will help any other sufferer you are at liberty to use this letter. Respectfully, St. Clair McVicar, San Antonio, Texas, July 6, 1905."

Women Fought; Baby Died.

Chicago, Dec. 24.—A quarrel between two women indirectly caused the death of a baby girl. Mrs. Anna Piepcke and her sister, Miss Sistrina Mazuga, were quarreling beside a crib in which Mrs. Piepcke's daughter Elizabeth, 5 months old, lay. In her excitement Miss Mazuga tossed a bundle of clothes into the crib and the child smothered to death before the women finished their altercation. Before the death of her niece Miss Mazuga returned to her home and barricaded the door leading to her room in a bare attic room, anticipating the arrival of the police. When the detectives attempted to enter the arrival of the police. When the detectives attempted to enter the house they were deterred for a time by Miss Mazuga who threatened them with violence. After waiting a few minutes they forced the door open and arrested the woman, who struggled for some time before being subdued. She will be held pending a coroner's inquest.

OUR GREETINGS.

The Sun goes to its readers this morning holding on to Christmas with one hand and reaching out to the New Year with the other.

This is the season of good cheer; the season of the holly and the mistletoe—the time for bright faces and generous dollars—for gladsome greetings—a time for noble resolves to be born—a time for old animosities to be wiped out—a time when the best side of one's nature should eclipse the sordid side—a time when the thoughts should be turned towards home—a time when the usurping chains of business should be ignored. A time when the child with its golden curls, the man with silvered locks alike cry "Glory to God in the highest, peace on earth, good will to men." These words must have been chanted by all Christian nations since the infant Jesus slept in the rude manger in Bethlehem. The organs in the grand cathedrals have pealed forth these words and the hearts of the worshippers have been filled with adoration; those treading the flowerless paths of poverty echo the praises. The poor mother in the hovel as she bends over the smouldering embers upon the desolate hearth, and weeps over the empty stockings of her neglected children—even she hears these strains in the distance, and her plaintive voice, so full of want, joins in the chorus, "Glory to God in the highest." Perhaps this mother is thinking of the Christmas days in her childhood when plenty crowned the board, and these memories may be feeding her hungry heart. Theologians may cavil over the date and origin of this day, but we will hold fast to our Christmas.

As we are about to let go of the old year we realize that to most of us it has been a kind year—to a few the dark side has been turned; to others, the sunny side. We must not forget that upon the homes of some of our readers, since last Christmas tide, a shadow has fallen and the mantle of sorrow has wrapped the inmates in its somber folds. Other homes are like the empty nest that hangs on the withered bough—desolate because the life and song went out with the birds. New homes have been made—new ties formed and others revered, but in our onward march it is not well to stop to measure the load each one carries. No life is either all sunshine or all storm. If the new year brings prosperity, let us rejoice; if adversity, let us be brave. Let us be thankful that "our lines have fallen in pleasant places;" that "it is as well with us as it is." Let us quickly turn over the sad page and look at the bright picture that awaits us; let us quickly penetrate any cloud that may float over our pathway and view at length the beautiful silver lining beyond.

The Tallahassee True Democrat refers to Alachua county's worthy sheriff in the following manner: "Sheriff Fennell of Alachua county made a number of arrests of 'blind tigers' last week, among them some prominent business men. That's right, get the big and influential 'tigers,' as well as the poorer and more ignorant negroes who violate the prohibition laws. Sheriff Fennell is a faithful and vigilant officer and generally 'gets his game,' hence there is very little of that kind of business being done in his county."

CHRISTMAS NOTES.

"Except ye become as little children" is fraught with precious meaning. The kinghood of innocence is above all earthly dignities. The crown it wears brings no anguish, entails no fear. Clear-eyed and clean-hearted, the little children of the world stand on the heights nearest heaven. The condescension that brings older persons on the same plane with them is no condescension at all, but rather a coming back to one's own best estate.

An old proverb says that a "green Christmas makes a fat churchyard," and as most people accept a proverb as if it were indisputably true, it should be said that there is no truth whatever in the particular saying. No warrant is found for it in statistics, and the very fact that people whose health is below the average are advised by physicians to seek a mild climate in winter, should show others that when the Christmas holidays are mild and pleasant they should not be oppessed with any unusual dread of impending death. It is much and more likely that old ladies who dwell in a world of proverbs will come to grief than that undertakers will have any special reason to rejoice.

Far behind we are leaving the bare unbrightened Christmas of Puritanism, and making the holiday our greatest one. Of comparatively recent date is this change, of decidedly recent date, the general custom in America of the lavish use of special decorations in honor of Christmas.

The South has long followed the custom of Merrie England in the matter of bringing in from wood and field the beautiful Christmas greens with which to give home and church festival air; but from the pine lands of Maine to the mistletoe haunts of California, from the creeping groundpines of northern Wisconsin to the high parasite greens down in Hawaii, we all have learned how to keep Christmas. Poor indeed is the house that does not show Christmas wreaths in the window, and hang holly over the picture of some beloved absent one.

I heard the bells on Christmas day
Their old, familiar carols play,
And mild and sweet
The words repeat
Of peace on earth, good will to men!
—Longfellow.

Let the keynote of our Christmas be love—"peace on earth, good will to men." Let those whom God has blessed with plenty see to it that their neighbors and friends have good cheer and abundance to make their hearts glad.

From "Lights and Shadows," we want to bring our readers a full quotation. Our apology is that there may be many shunned because of their apparent barrenness who need but the breath of the spring-time. Will you give it? "Traveling in the winter, we often see some naked, ugly tree, stripped of her foliage, and raising her ugly branches in the cold gray sky. Not a spark of life is seen, and we wonder why it is spared the woodman's axe. In the spring the sap comes, the barren limbs grow green and that which marred the landscape becomes a thing of beauty, and even a refuge from the sultry sun. All that was lacking was the season of usefulness—frondescence. Human beings are like that tree. The race is like a forest. Many that are barren merely need the warm touch of spring—the season of opportunity, the sap of encouragement and kindness to bring out their ornamental and useful points."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Under recent decisions of the United State district courts no form of labor contract is worth the paper it is written upon. In our opinion the socalled peonage laws go too far in this respect, but there is no getting around the fact that a strict construction of them would give many employers a great deal of trouble, especially in cases where people have been arrested and sentenced to imprisonment on the charge of obtaining goods under false pretenses.

The Atlantic Coast Line has ordered one hundred locomotives, three thousand five hundred freight cars and fifty passenger cars for the earliest possible delivery. It is said that over five million dollars will be expended by the road for equipment in 1907. It is high time the directors were doing something along this line if they have any compassion upon a long suffering public.

The Central Union Times, the organ of union labor in Florida, urges Governor Broward to recommend to the next Legisisture the enactment of a law creating a State Bureau of Labor. It is not probable that the next Legislature will create any new offices, however.

There are 71 persons in Florida 100 years old, according to the last census.

D PROMISED GOV. TERRELL.

vernment Will Lend Expert Agricultural Workers.

Atlanta, Dec. 24.—Governor Terhas returned from a short visit Washington and New York, where went for a conference with Secary Wilson, of the United States vernment, in regard to securing for the new agricultural schools to be established in Georgia.

"Success attended my efforts" said overnor Terrell, "for Secretary Wilson promised to give me all the aid in his power in the proper starting of these schools."

This means that the United States vernment will send to Georgia at least three of four of the best known agricultural experts in the country to aid in the inauguration of the new school system.

The contracts for the schools will be given out January 21. The new schools will be ready for the reception of pupils on September 1.

The government experts will spend some two or three months in Georgia, giving their advice to the faculties of the different schools, and aiding in many other ways when called upon by those in charge. By this expert advice the new schools will be saved many possible blunders.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Control of Constabulary.

London, Dec. 24.—In a dispatch from Dublin, a correspondent of the Times says the appointment of James Bryce as ambassador to the United States has led many persons to believe that he had serious difference of opinion with Anthony McDonald over the coming home rule measure. It is believed that Mr. Bryce was willing to go further than Secretary McDonald, under secretary for Ireland, and that he was willing to give Ireland control of the constabulary.

Water Cure For Constipation.

Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by all druggists.

Lucile Hotel Burns.

Nashville, Dec. 24.—The Lucile hotel at Madisonville, Ky., was destroyed by fire at an early hour Saturday. The loss will reach $25,000 with $11,000 insurance. The guests escaped uninjured.

A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.
